About This Document

This document is broken into two main sections:

- Essential Requirements and Best Practices for using the VPAT® to complete an Accessibility Conformance Report
- The VPAT Template

Please carefully review the Essential Requirements and Best Practices sections before using the VPAT to create an Accessibility Conformance Report. The VPAT 2.1 template now includes criteria from WCAG 2.0 and EN 301 549, as well as the Revised Section 508 Standards and Section 255 guidelines.

“Voluntary Product Accessibility Template” and “VPAT,” including the template format, are Federally Registered Service Marks of the Information Technology Industry Council (ITI). VPAT 2.1 users agree not to deviate materially from the template format provided by ITI, and to use the service mark (“®”) where appropriate.
