### Provide health care coverage

#### **1619(b)**

Keep MA coverage with earnings up to \$53,154 per year (and possibly higher if you have high medical expenses).

#### **MA-EPD**

MA coverage for Minnesotans with disabilities, who work, pay Medicare and Social Security taxes, and earn more than \$65 per month.

### Help you try out work (test the waters)

#### **1619(b)**

Keep SSI eligibility even when earnings cause SSI to be \$0 if you still meet other SSI eligibility criteria and earnings are less than \$53,154 per year (and possibly higher if you have very high medical expenses).

#### **Expedited Reinstatement of Benefits**

Get benefits back quickly if earnings are above \$53,154 for more than 1 year and SSI terminates. If earnings fall below Substantial Gainful Activity ((\$1,260 in 2020), automatically get six months of benefits while waiting for a disability determination. This program works for 60 months after SSI terminates due to work.

### Help you increase your income (cash in your pocket)

#### **Earned or General Income Exclusion (EIE or GIE)**

The first \$20 of any income and the first \$65 of earned income each month is not counted when determining your SSI amount.

#### **Student Earned Income Exclusion (SEIE)**

The first \$1,900 per month of earnings (up to \$7,670 per year) doesn't count when determining your SSI amount.

#### **Blind Work Expenses**

Earned income you use on work expenses is not counted when determining your SSI amount.

#### **Plan for Achieving Self Support (PASS)**

Get more SSI if you use other money to pay for education, work or self-employment costs.

#### **Impairment Related Work Expenses (IRWE)**

Income you use to pay for some disability-related work expenses is not counted when determining your SSI check.
